

Norah Head Ratepayers, Residents & Coastcare Association Inc.

eNEWSLETTER

Association Meeting 1st November 2021

Location **Norah Head Hockey Club Building**

Time **7.30pm**

Secretary **Gary Dean | 0408 021 990**

WE ARE BACK!

The revised Health Orders permit the recommencement of the Association monthly meetings.

Social-distancing and mask wearing will be required at the meeting.

Reclassification and Sale of Norah Head Community Centre

For the past several months the eNewsletter has included details on this issue. Residents are aware that Council (the Administrator) has determined the future of the Norah Head Community Centre – the land will be sold upon commencement of a replacement Centre elsewhere in Norah Head.

As an initial step in this process a meeting has been held with Council Officers and the President of the Association and a representative of the Norah Head Hockey Club. Since that meeting Council Officers have been investigating options for a future Community Centre.

A further meeting is planned for 2nd November 2021. The Association's Vice – President will attend that virtual meeting the outcomes of which will be reported next month.

Follow up with Central Coast Council

The following matters have been pursued with the Council by the Association.

- *Magenta Shared Pathway Construction – Project L003*

Central Coast Council's 2021/2022 Operational Plan includes a funding allocation of \$2 million for the next stage of this project. That Plan also identifies a funding allocation of \$2.5 million for the subsequent three (3) years.

Completion of this overall project is something that the Norah Head community is looking forward to – there are many active walkers and cyclists residing in Norah Head.

The Association has sought advice from Council regarding the current construction program and timeframe for delivery.

- *Suburb Entry Sign at Norah Head*

Central Coast Council has been installing several 'decorative' suburb name signs at suitable entry points to various coastal suburbs.

Last year the Association wrote to Council seeking advice whether Norah Head was included on Council's roll out program and if so when Norah Head was likely to have its sign/s installed. The Council subsequently replied, in part,

"Norah Head was identified in this roll out with a sign to be installed on Bungary Road near its intersection with Wilfred Barrett Drive.

Installation of these signs is currently underway and the Norah Head sign will be installed in due course."

It has been 12 months and the signs have not been installed. The Association has requested the current situation regarding the installation timeframe.

Minutes of the October 2021 Meeting

The October meeting was cancelled due to the COVID Health Orders.
